

LOOKING FOR THE BEST BLOCKS

- New for 2019**
- Angola 2019 Round Evaluation
 - Gabon 12th Round Evaluation
 - Ghana 1st Round Evaluation
 - Argentina Round 1 2018/19
 - Argentina Round 2 2019
 - Brazil 16th Round and 6th PSC Block Evaluation and Ranking
 - Brazil Open Acreage Review
 - Cuba 2019 Licence Round Evaluation
 - Dominican Republic Round

Frontier oil exploration

Project List

African Interior Rifts Digital Atlas and Basin Reports: £45,000 **Individual Country Atlas and Report £ Price on application**

Describes petroleum geology of Interior Rift Basins, south of 20°N. Gravity computations used to predict sediment thickness and thermal maturity across all basins. Detailed digitised surface geology of the whole of Africa is included with this product, plus 32 individual basin dossiers.

East Africa Digital Atlas and Basin Reports: £25,000 **Individual Country Atlas and Report £ Price on application**

All adjacent countries to the margin have detailed digital surface geology coverage of lithology and chronostratigraphy. Contains 12 individual basin dossiers.

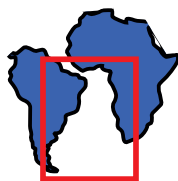

African Surface Geology: £15,000

53 countries composed of 125,000+ shapes, mainly at 1:1,000,000 scale with interchangeable lithostratigraphy and chronostratigraphy legends. Plus digitised rift faults, dikes, geochronological ages, mineral occurrences, oil & gas fields, oil seeps, heat flow, Holocene volcanoes, earthquakes, drainage basins, rivers, lakes, lake bathymetry, Free Air & Bouguer gravity, magnetics, topography. 870+ references.

Northern Caribbean Atlas and Basin Reports: £17,500

Digital surface geology maps at mainly 1:250,000 scale with interchangeable lithology & chronostratigraphic legends. More than 50 hyperlinked wells and 420 sections, plus individual basin dossiers & 240+ reference bibliography.

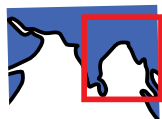

South Atlantic Margins Digital Atlas and Basin Reports: £57,500 **Individual Country Atlas and Report £ Price on application**

Executive reports West African and South American Margins including Argentine Basins Evaluation, Angola Licence Round 2019, Congo Licence Round 2018/19 and 12th Gabon Licence Round, 1st Ghana Licence Round. The Brazil 16th Exploration Round sectors and 6th Production Sharing Contract Blocks have been evaluated and given a relative ranking which is detailed in block summary dossiers and spreadsheet. are also included. Permanent Brasil block offering in 2018/19 are also covered. Contains 51 individual basin dossiers and 4050 references.

Central Atlantic Margins Digital Atlas and Basin Reports: £38,500 **Individual Country Atlas and Report £ Price on application**

Contains 9 basin dossiers for the NW African basins, 3 for the Western Iberia margin and 7 for the Americas margin. 17 page 2015 Guyana and Suriname Basin specific report which gives a detailed hydrocarmary of the basin and give a relative ranking of the blocks available.

Indian Margins Digital Atlas and Basin Reports: **Complete Project: £22,500**

This project covers West & East India, Sri Lanka, Bangladesh and Myanmar and evaluates the geology and hydrocarbon potential of the region. Contains 19 individual basin dossiers and a 40 page executive summary.

Gulf of Mexico (Mexican Sector) Digital Atlas and Basin Reports: **GOM Project - £33,500**

Our Mexico Report reviews current and future licence rounds. Constantly updated with future Round evaluations in which all offered blocks are reviewed and given a relative block ranking with new rounds evaluations completed within 2 months of announcement. Contains 10 basin dossiers and Licence Round Reviews for Rounds 1-3.
